

Let us design it for you!

For a limited time only displayunlimited.co.uk are offering **FREE** artwork creation on **ALL** products.

Our experienced and talented design studio can create the artwork you need using your supplied instructions. When placing your order, simply upload a word document (or any text file) with your design requirements and a member of our design team will return an attractive design for your approval. All we require from you is the copy you need on your product and any images you would like us to use.

This offer is a saving of £45 per single-sided or small format product and £90 for anything large!

The details

When you place your order we will send you an order confirmation email. If you haven't uploaded a brief with your order you can reply to our email and attach any pictures or text you want us to use. We will then send you a pdf of your artwork for approval. You approve, we print.

The **FREE** artwork quoted above is based on displayunlimited.co.uk providing a proof which conforms to your supplied brief and one set of subsequent amendments. Any further artwork or subsequent changes not detailed in the brief or first amendments are subject to further cost at the standard rate of £45 per hour.

We won't charge you anything without confirming with you first. We can't create artwork without your brief and can't print without artwork. Therefore, we also can't charge for artwork or print until we receive your brief.
